ABSTRACT

This directory provides information on the over 3,400 different occupational programs provided by the 99 public community colleges in California. The directory is comprised of four sections, as follows: Section 1, General Information about California Community Colleges--information about costs, admission procedures, and special services available; Section II, Charts of Program Locations--the number and the names of each college that offers a specific program; Section III, Information about Specific Colleges--a data sheet on each college and lists of all the Occupational Programs that the college offers, including the type of program, the size of the college, and whether the programs are Day, Evening, Certificate, or Associate Degree; and Section IV, Index of Programs--page numbers and the name under which a specific program is listed on the charts. OCCUPATIONAL PROGRAMS

IN

CALIFORNIA PUBLIC COMMUNITY COLLEGES

1973-74

The format of this directory has been revised to provide more convenient access to the kinds of information desired by students and by counselors. We hope the data about each Community College and the charts showing locations of specific occupational programs will assist in selecting the Community College and occupational program most appropriate to the students' needs.

Sidney W. Brossman
Chancellor

The 99 public Community Colleges in California offer over 3,400 different occupational programs. This directory has been prepared so that information on this wide variety of career opportunities becomes better known to all educators and others in California.

SECTION I

General Information about California Community Colleges

Look here for information about Costs, Admission Procedures, and Special Services Available.

ORGANIZATION OF THIS DIRECTORY

Look in the three major sections of the Directory according to the type of information desired:

Page

SECTION I - - General Information about California Community Colleges 1

Look here for information about costs, admission procedures, and special services available.

SECTION II - - Charts of Program Locations 7

Look here to find the number and the names of each college that offers a specific program. For example: What colleges offer a Medical Assisting Program?

SECTION III - - Information about Specific Colleges 43

This section contains a data sheet on each college and lists all of the Occupational Programs that the college offers, including the type of program. Look here to find the size of the college, what programs it offers, and whether the programs are Day, Evening, Certificate, or Associate Degree.

SECTION IV - - Index of Programs 147

Look here for help in determining the page numbers and the name under which a specific program is listed on the charts.

GENERAL INFORMATION ABOUT CALIFORNIA'S COMMUNITY COLLEGES

There are 99 California Community Colleges. The Community College has three purposes:

1. Occupational Education Programs (including upgrading courses for employed adults)
2. General Education Courses
3. Transfer Programs to State Universities and Colleges, and University of California

ADMISSION REQUIREMENTS

To be admitted to a California Community College, one must complete the registration procedures established by that college and meet one of the following qualifications:

1. Be a high school graduate
2. Be 18 years of age, or older, and able to profit by instruction
3. Be an apprentice 16 years of age, or older

TUITION

For California Residents -

None for residents who take 10 or more class hours per week,

None for minors who are residents -- regardless of the number of units taken

For Nonresidents -

Each college must set tuition at the current cost of instruction and charge this amount to all nonresident students taking over 6 units,

Foreign students are charged at the same rate as nonresidents unless all or part is exempted by the college

Write to the college of your choice for exact costs.

COSTS

See tuition costs above.

Students pay for textbooks and student body card. Some colleges also charge fees for laboratory, materials, health services, and parking.

Estimated total costs (not counting tuition) will run from $100 to $400 per year.

FOREIGN STUDENTS

Foreign students may be admitted.

Tuition may be charged (see above).

Certificate of Eligibility for Student Visa is issued by the college admitting the student. Student must enroll in at least 12 semester credit units.

SPECIAL STUDENT SERVICES

Thirteen California Community Colleges maintain dormitories. These colleges are:

1. Bakersfield College
2. Feather River College
3. Lassen College
4. Porterville College
5. College of the Redwoods
6. Reedley College
7. Santa Rosa Junior College
8. Shasta College
9. Sierra College
10. College of the Siskiyous
11. Taft College
12. West Hills College
13. Yuba College

See the data sheet for that college (Section III) for details.

All colleges provide -

Lists of housing available in the community,
Information and assistance on loans and scholarships,
Educational and personal counseling,
Assistance in obtaining employment,
Special advice and assistance to veterans

Many colleges provide tutoring services for students needing special help.

LENGTH OF PROGRAMS

Programs vary from one semester (or quarter) to two years.

Some colleges are on the Semester System -- others are on the Quarter System.

Semesters begin in September and February.

Quarters begin in September, January, and April.

Many programs are available in the evening over a longer period of time.

Almost all colleges offer Summer Sessions (from 4 to 8 weeks).

HOW TO APPLY

It is important to apply at least 3 months before classes start -- preferably sooner.

Write to the college Office of Admissions and Records for an Application for Admission.

Immediately after applying for admission, request in writing from all the high schools and colleges you have attended that transcripts of your records be sent to the college to which you are applying.

Most colleges require placement tests. These are not tests for admission, but are only to help you and the counselors select the best course of study for you.

OUT OF DISTRICT PERMITS

If you live in California, you are most likely a resident of some Community College District.

You will not be accepted by a California Community College outside your district unless you have an Out of District Permit from your local college.

Contact the Registrar of your local Community College for information.

SECTION II

Charts of Program Locations

Look here to find the number and the names of each college that offers a specific program. For example: what colleges offer a Medical Assisting Program?

CLASSIFICATION OF PROGRAMS

All of the programs offered in California Community Colleges are shown on the charts. The programs are divided into the following categories:

	Pages
AGRICULTURE	10-11
BUSINESS & OFFICE	12-15
COMMUNICATIONS	16-17
CRIMINAL JUSTICE	18-19
ELECTRICAL-ELECTRONICS	20-21
ENGINEERING TECHNOLOGY	22-25
ENVIRONMENTAL & NATURAL RESOURCES	26-27
HEALTH SERVICES	28-29
HOME ECONOMICS & FOOD SERVICES	30-31
MID-MANAGEMENT & SUPERVISION	32-33
SCIENCE & LABORATORY OCCUPATIONS	34-35
SERVICE OCCUPATIONS	36-37
TRADES & INDUSTRIES	38-41

(See the Index, Page 147, for the listing of specific program names.)

APPRENTICESHIP -- Evening classes are offered in many Community Colleges which are designed for persons employed as indentured apprentices in the Construction Trades and other Apprenticeable Trades. These classes offer instruction in the theory, application, and skills which the apprentice needs as a supplement to his on-the-job instruction.

Apprenticeship classes are not included in Sections II or III.
